

相關學習概念

Relevant Knowledge & Concept

本院小學活動緊貼小學課程的學科主題及相關學習概念，讓教師能適切地選擇合乎學生的學習內容。與此同時，本院不斷推動社會、甚至地球的可持續發展，多元化的活動主題亦配合了聯合國提出的一系列可持續發展目標，包括永久保護地球及其自然資源，冀望學生從中了解可持續發展的重要性，在促進經濟繁榮的同時，共同為保護地球而努力。

The primary school programmes provided by OPAHK are closely related to the subjects and knowledge of the school curriculum so teachers can choose the content which meets the students' cognitive level. OPAHK continues to promote the sustainable development of society and the earth. The diverse themes of the programmes match the sustainable development goals proposed by the United Nations, including protect and ensure the lasting of natural resources. Our goal is to let students understand the importance of sustainable development and work together to promote economic prosperity while protecting the planet.

貝殼啟蒙班 (小一至小三) Shell (Primary 1 - 3)

活動 Programme	相關學習概念 Relevant Knowledge & Concept					可持續發展目標 Sustainable Development Goals			
	常識科 General Studies								
	動物和植物 Plants and Animals	環保生活 Green Living		我愛大自然 Love of Nature		負責任的 消費及生產 Responsible Consumption and Production	氣候對策 Climate Action	海洋生態 Life below Water	陸地生物 Life on Land
	生物的共同特徵 Common Characteristics of Living Things	衣食住行 中實踐 環保生活 Practising Green Living in Everyday Life	保護環境 及節省資源 的方法 Ways of Protecting Environment and Saving Resources	動物的 簡單分類 Simple Classification of Animals	愛護及保育 大自然 Caring for and Conserving the Natural Environment
