Build with Seaside Synergy

TEAM BUILDING

Ocean Park Hong Kong was first recognised by Human Resources magazine as the "Best Team Building Training Provider – Gold Winner" in 2016, and was further awarded "Best Employee Engagement Service Provider – Gold Winner" and "Best Team Building Venue – Gold Winner". Inspired by a passion to enhance corporate training experiences, our training team offers a wide range of well-recognised programmes for various corporates and clients that fully leverage the possibilities of Ocean Park and Water World. By incorporating the Park's natural settings, our unique programmes can enhance cooperation within an organisation and between employees, establishing close team bonding in a challenging and fun environment while allowing participants to utilise their own roles to contribute to the team. Our tailor-made programmes can help participants:

- Establish effective communication and cooperation to achieve the common goal of the team.
- Build self-confidence in challenging activities where they can overcome obstacles and uncertainties.
- Boost creativity and problem-solving abilities through innovative thinking via multiple perspective

Power up Challenge

Unlock your potential and showcase the power of teamwork!

The "Power up Challenge" sets up challenges throughout the Park for your team to conquer, each of which involves a task that can be completed through teamwork, strategic planning, and the unique abilities of your team.

Each team member will play a role based on their strengths and abilities, coming together to solve the various challenges and through the power of teamwork.

Led by professional corporate trainer, these exciting activities allow participants to challenge themselves, think outside the box, and discover their unique talents and goals.

Theme Park S.O.P.

Challenge the Theme Park S.O.P. together!

Welcome to the Theme Park S.O.P.! In this team building activity, participants will become members of the Ocean Park "Emergency Response Team" and unleash their talents in a series of exciting scenarios.

This activity takes place during Ocean Park's operating hours. Team members will explore the various corners of the Park, searching for hidden clues and interacting with "park staff" to crack hidden codes and maps. Their investigations may even take them behind-the-scenes at different facilities to find the truth and solve the crisis in time. Led by experienced trainer, this unique game process also allows participants to experience cooperating and negotiating with different stakeholders, as well as to stay calm and clear-headed under pressure to make reasonable decisions. They will also deepen their bond as a team and build their team spirit.

SUGGESTED RUNDOWN:

Time	Activity
09:15 - 09:30	Gathering & Admission
09:30 - 10:15	Ice Breaking and Programme Briefing

The Splash Games

Challenge Water World's Splash Games together!

Team up and join The Splash Games at Water World! In this activity, participants will enter an exciting survival game filled with immersive challenges that will inspire them to explore the possibilities of water in different perspectives.

The team will take on different tasks, accumulate team energy and establish a common language to compete for useful resources for the team's "survival". They will gain a brand-new perspective on solving problems with challenging tasks that require thorough planning, such as passing secret codes to members in turbulent water or on exciting slides. Through these tasks, participants will learn how to work closely as a team, stay focused in a crisis to overcome various obstacles, and further enhance their team spirit.

SUGGESTED RUNDOWN:

Time	Activity
09:15 - 09:30	Gathering & Admission
09:30 - 10:30	Getting Ready, Ice Breaking and Programme Briefing

Ultimate Challenge

Demonstrate your courage

When you are facing challenges and difficulties, knowing how to be positive, optimistic and proactive can help you overcome your difficulties and meet the "ultimate" challenges in work and life!

In this activity, participants will form teams to complete an exciting series of extreme challenges. By overcoming various difficulties and obstacles, they will gain a better understanding of themselves and connect with nature.

Throughout the challenge, participants will work closely together, learn how to communicate and collaborate effectively, and enhance teamwork and leadership skills. Our professional and experienced corporate trainer will tailor goals for the team to inspire them to demonstrate strengths beyond their expectations during the process.

SUGGESTED RUNDOWN:

Wonder Runners Club

Enjoy a fun, challenging and immersive adventure

This tailored programme creates exclusive beyond-the-workplace team adventures that help participants grow stronger through exploration and become a closer, more collaborative, and confident team.

Participants will form different teams to explore challenges scattered around the park using hints from "Challenge Cards". These challenges can include finding clues, solving puzzles, completing obstacles, and more. To overcome the various challenges and gain a high score, participants will need to act wisely and collaborate together.

This adventure combines detective games and orienteering tasks where participants compete in teams to gather information, organize their thoughts and explore. Throughout the adventure, they can also learn about the importance of biodiversity and conservation.

SUGGESTED RUNDOWN:

Time	Activity
09:15 - 09:30	Gathering & Admission
09:30 - 10:15	Ice Breaking and Programme Briefing
10:15 - 12:15	Orienteering Challenges with Checkpoints

Poolside Race

Embark on an adventurous journey at Water World

Water World invites adventurers to challenge themselves in an exciting Poolside Race! Teams will embark on a fun-filled adventure at the all-weather Water World that will allow them to challenge their limits and discover their potential.

Participants will form teams to discover clues and secret locations in a fun series of challenges. As agility and teamwork are key to win, participants will need to plan strategies in a limited amount of time and fully utilize their strengths as they race to complete tasks. These tasks will allow them to experience the power of creative thinking, effective communication, and excellent teamwork, as well as bond into a more collaborative and confident team.

"Quotes and feedback from previous participants"

Adecco

"The tailor-made activities aligned perfectly with our event's objectives."

AIAPT

"All of the outdoor training activities were interesting and innovative, and made ideal use of the Ocean Park's unique facilities."

Clover Aviation Capital

It's a unique experience to our colleagues as Ocean Park is one of the signature icons in Hong Kong and utilized the ride facilities for the game, quite memorable for them.

CVC Asia Pacific Ltd

We found it useful in the programme where we divide the group into teams and have them working towards the same goal / missions. You can observe what are the roles and chemistry played within the team, which is interesting.

Esquel

"Not a lot of corporate training firms are able to provide an action learning programme like we experienced in Ocean Park. It included unique schemes that promoted and enhanced communication in an engaging, practical way. Our ambassadors had everything they needed to grow as employees."

Hong Kong Metropolitan University

Nice programme design because students can explore the park while having team building activities.

Laws Fashion Group Limite

"The event is highly rewarding. For us, the biggest gain is seeing how our colleagues establish effective communication and a strengthened rapport as they went through the activities. They also became more knowledgeable about environmental conservation, which can help facilitate our corporate social responsibility mission to protect the environment. Ocean Park has provided us with an ideal learning environment, in which everyone could enjoy the process of acquiring new knowledge relaxingly and joyfully. We strongly recommend all to join this meaningful event."

OnTheList

They provide us a good opportunity to know better those colleagues we don't usually meet at the workplace.

tcc

"Ocean Park's programme incorporates the Park's unique features, for example the rides, exhibits and natural settings which you don't get in other teambuilding programmes. The 'Pedal for Power' programme is highly flexible and capable of being adapted to suit our needs."

Traxon Technologies

The activities let the teams collaborate with each other and learn the time management to complete the tasks.

Ocean Park Hong Kong and Water World offer unique and exciting environments where participants can improve their teamwork and abilities, and gain a better understanding of themselves and their co-workers. Our programmes are suitable for employees at different levels and are designed to promote joyful interaction outside of the workplace, encouraging teams to unleash their unlimited energy and creativity.
